

INFT 3100**Work Experience or Industry Project****Course Weight:** 175.00**Course Description**

This course is a campus-based applied learning experience which may consist of work experience, directed studies, industry projects or applied research and usually takes place in the final five weeks of the first academic year. Available options may vary from campus to campus.

Rationale

This course provides learners with an opportunity to synthesize the skills and knowledge acquired in the first year of study through a work experience, industry project, directed study, or applied research. Learners are expected to be contributing members of work teams.

Prerequisite(s):

Successful completion of courses and milestones to date

Corequisite(s):

None

Learning Outcomes

Learners are required to successfully complete each course outcome. In keeping with NSCC's approach to portfolio learning, learners will have demonstrated the ability to:

1. Identify personal learning outcomes and share with employer.
2. Demonstrate appropriate workplace behaviours.
3. Maintain a professional journal including reflecting on learning accomplishments during the work experience.

Grading

The pass for this course is P.

Other Course Notes

It is the responsibility of the student to review and understand all Nova Scotia Community College policies, most specifically the Student Code of Conduct, Academic Integrity, Student Appeals, Use of Copyright Materials, and Academic Accommodation policies.

Policies directly applicable to students are referenced in the student handbook. The policies and procedures can be found on the College website: http://nsc.ca/current_students

If you have questions about policies and/or procedures, you are encouraged to ask Faculty, your Academic Chair or Staff at Student Services.

Workplan

A workplan for this course is attached and will be reviewed by your faculty member (s) within the first week of class study.
